

## Data Sheet

**Code:** Ac 8159 TL 06

**Brand:** THERMOPLAY

**Model:** TH-SYNC 56 ZONE

**Year:** 2006

### Description:

*Control unit for molds: 56 zones*

*Microcontroller: TH-SYNC*

*output voltage: 230V*

*temperature range: 0-400 ° C*

*Without thermocouple cables and resistors*

*All the mentioned technical data are merely intended to describe the item, they are subject to change without any notice and refer to the standard conditions of a new good. A used good might not have the same figures as the new one.*
